## **La Porte Police arrest alleged drug dealers**

*John Michael Conley, 40, and Crystal Ann Holland, 29*

**By: Kristi Nix**

La Porte Police took two suspected drug dealers into custody following a routine traffic stop Thursday (Jan. 8).

According to police records, a patrol officer noticed a 2002 Oldsmobile Alero driving in the 100 block of State highway 146 with a broken license plate light and pulled the vehicle over around 1 a.m. The stop resulted in the arrest of Houston residents John Michael Conley, 40, and Crystal Ann Holland, 29.

A plethora of drugs and drug paraphernalia were seized as a result of the investigation, police reported. Police also said a gun was found in the car.

More than 15 grams of methamphetamines, a gram of marijuana and Xanax and Adderall pills were allegedly found in the car. Police also reportedly found syringes, a glass pipe, small plastic bags, a digital scale and a 32-caliber Rohm revolver.

The suspects were taken into custody and now face felony charges of Possession of a Controlled Substance with Intent to Deliver. Each was later released on a \$20,000 bond. Conley and Holland are scheduled to appear before Harris County Judge Ruben Guerrero for an arraignment hearing on February 2.
